## Key Benefits

- Ergonomic, reliable design to debone or portion birds;
- Product is fixed on food-industry approved nylon cones;
- As the line runs, the product is conveyed along line personnel who carry out their designated cut or operation;
- Working length from 3 meters to 18 meters. The line shown on this page is 8 meters long;
- Capacity per hour depends on line speed, required cuts/actions and operator skill;
- Variable speed control depending on production requirements;
- Easy to clean and maintain
